RSU 63 is committed to remaining fiscally responsible to the communities we serve, while providing the highest level of academic excellence for our students. As we continue to experience a decline of student enrollment, as predicted by Planning Decisions Inc in 2015, we are investigating the possible consolidation of our elementary schools.

The purpose of this page is to share evidence-based facts and we encourage you to explore all of the information provided. You will find enrollment information, potential cost savings, and many other contributing factors that will be heavily considered during this process.

Please feel free to submit any questions or concerns to [consolidationinfo@rsu63.org](mailto:consolidationinfo@rsu63.org)

As always, we welcome your feedback for consideration during this process.

Jared Fulgoni
